

Sun Safety

At Seahorses we acknowledge the importance of sun protection and want staff and children to enjoy the sun safely. We will work with staff and parents to achieve this by ensuring that:

- Parents and guardians will be sent a letter asking to provide sun cream and hats during the summer months to protect their children from the sun.
- When the sun is strong we will encourage children to sit/play in the shade where it is available.
- A transition area has been completed to protect the children from all elements whilst playing outside.
- Water will be available to all children during the session.
- Children are required to wear hats that cover the ears, face and neck whilst the sun is out during hot periods.
- We have a supply of hats to give to children who forget their own or are unsuitable.
- We will ask permission from parents for staff to use our own sun screen on the children if they forget their own.
- Children will need to bring in their own clearly labelled bottle of sunscreen, at least factor SPF 30+. Staff will label if not already done so.
- We will supply children with sun screen if they have not got their own.
