Visits to BBB

Language, Literacy and Communication

Daily Monster Phonics, letter sounds, blending and segmenting to read and spell.

Information writing, writing to share facts and to explain ideas.

Asking and answering questions.

Writing mechanics - using punctuation and grammar.

Handwriting Sessions to develop correct and clear letter formation.

Reading sessions to build skills in reading and understanding books.

Guided reading in small groups using the 9 reading behaviours with a teacher.

Physical development

PE skills to build balance, coordination and teamwork.

Outdoor learning sessions with Miss North and exploring our outdoor classroom.

Health and Wellbeing

Developing emotional literacy with daily check-ins.

Building friendships and positive relationships.

Class Thrive targets to support wellbeing.

Taking part in the Think Equal project.

Children's Mental Health Week

Science and Technology

Different types of energy, where they come from, how some can be reused and some run out.

Exploring how electricity is used in everyday life.

Staying safe when using computers, tablets, and the internet.

How to save, find, and reopen their work on a computer so nothing is lost.

Mathematics and Numeracy

Adding and taking away numbers to solve everyday maths problems.

What each digit in a number means (ones, tens, hundreds) to better understand numbers.

Explaining thinking and using what is known to solve a range of maths challenges.

Humanities

Being READY, RESPECTFUL & SAFE

Learning about Humanism. Being kind, fair, and making good choices.

Exploring Christian beliefs, stories, and traditions.

Think Equal Project, learning about respecting differences, understanding feelings, and treating everyone with kindness and equality.
